Educational Workshop Session

“YOU are AI :”

*Discover Your 'Large Language Model'
and How to Make Your Future More Authentic*

Artificial intelligence (AI) is a part of everyday life and requires many resources to process information and create its own "language". In this session you will be introduced to agentic AI, discover your "large language model", and learn strategies to make your life -- and your future -- more authentic.

Beyond the Mic: 3 Takeaways to Transform:

1. Understand basic artificial intelligence principles
2. Relate AI to virtue of authenticity
3. Craft a more compelling story using the former objectives
