

## Aaron Beverly

*2019 World Champion of Public Speaking  
Communication Expert | Storyteller |  
Keynote Speaker | Trainer*

Aaron Beverly is a communication expert, international speaker, and the 2019 World Champion of Public Speaking. He helps individuals and organizations close the gap between what they believe they're saying and what they're actually saying.

Before becoming a world champion speaker, Aaron Beverly worked for more than 15 years in the banking and finance industry. Working at organizations including Citi, J.P. Morgan Chase, and Deloitte, Aaron led complex, high-stakes projects where success depended on clear communication across teams and executive stakeholders.

Aaron became known for identifying communication gaps that slowed initiatives, translating complex ideas into clear, actionable messages, and communicating effectively in one of the most demanding professional environments. Alongside his corporate career, Aaron dedicated himself to competitive public speaking. Over an eight-year journey, he became a five-time International Speech Contest semifinalist, a two-time world finalist placing second in 2016, a Moth Story Slam winner, and ultimately the 2019 World Champion of Public Speaking, emerging from a global field of more than 20,000 competitors.

### **Today, Aaron's work focuses on three core communication challenges:**

1. Helping early-career professionals and recent graduates develop professional communication skills that many employers find increasingly lacking.
2. Encouraging the quieter voices in the room (the shy, the anxious, and the introverted) to become more confident communicating contributors.
3. Improving individuals' performance through healthy competition and a "winner's mindset" to turn competition into a powerful tool for personal growth rather than a source of pressure, comparison, and burnout.

Aaron has delivered keynotes and workshops for Fortune 100 companies, universities, and professional organizations around the world. He brings a rare combination of corporate leadership experience, elite-level speaking achievement, and practical communication tools that help people perform when it matters most.

### **MORNING KEYNOTE MESSAGE**

#### **The Power of Worthy Leadership:**

*Mobilize with Inspiration, Courage, Authenticity, & Self Accountability*

Mobilizing is not pushing people into roles. Mobilizing is creating enough inspiration, courage, trust, and ownership that people want to move. In this session we will discuss how we can achieve this for our members.

### **AFTERNOON WORKSHOP**

#### **The Power of Worthy Leadership:**

*Modernize with Humility, Mentality, & Responsibility*

Modernizing is not abandoning tradition. Modernizing is having the humility to update the experience, the mentality to focus on what matters most, and the responsibility to help the next person win, not yourself. In this session we learn how to put that into practice in a practical and fun way.

### **CLOSING KEYNOTE MESSAGE**

#### **The Power of Worthy Leadership:**

*Monetize through Discovery*

The greatest return on Toastmasters membership is not what members achieve in the club. It is who they discover they can become because of the club. In this session we will discuss how to leverage the communication and leadership skills developed through Toastmasters to create opportunities and monetize your abilities as a speaker and leader.
